YOUNG CITIZENS & Canvas

Young Citizens offers three integration options with Canvas. This document outlines each integration option and the requirements for setup.

Canvas Basic (LTI 1.1)

Canvas API

Canvas Advantage (LTI 1.3)

CANVAS BASIC

Please note: Teachers must be registered, and their rosters must be set up in Young Citizens before using this version of Canvas.

HOW IT WORKS

1. Teacher must create an assignment in Young Citizens to generate an LTI link.
2. Teacher must create an assignment in Canvas and insert Young Citizens LTI link into that assignment.
3. Teachers and students will be able to launch the assignment from Canvas.
4. This version does not support Grade Pass back. All grading happens in Young Citizens, and the grades are not synced to Canvas Gradebook.

SETUP INFORMATION

Admin Setup (Institution-Level Integration): follow instructions **here.**

Teacher Setup (Course-Level Integration): follow instructions **here.**

INSTRUCTIONS FOR TEACHERS WITH BASIC CANVAS SETUP

After the setup is completed, teachers should follow the instructions in this document.

CANVAS API

Please note: This version includes roster syncing from Canvas to Young Citizens. No additional rostering setup is required.

HOW IT WORKS

1. Teachers must connect and sync their Young Citizens accounts with Canvas.
2. Canvas classes will be synced to Young Citizens.
3. Teacher creates an assignment in Young Citizens, which will automatically sync with Canvas.
4. Teachers and students will launch the assignment from Canvas.
5. Teachers will use Speed Grader to grade the assignments, and the grades will be synced to Canvas Gradebook.

SETUP INFORMATION

Admin Setup (Institution-Level Integration): follow instructions here.

INSTRUCTIONS FOR TEACHERS WITH CANVAS API SETUP

After the setup is completed, teachers should follow the instructions below:

PDF

CANVAS ADVANTAGE

Please note: Teachers must be registered, and their rosters must be set up in Young Citizens before using this version of Canvas.

HOW IT WORKS

1. Teachers can create a MODULE or an ASSIGNMENT in Canvas using Young Citizens LTI 1.3 external tool.
2. Teachers and students will launch the resources from Canvas.
3. When a user is launching the assignment or module in Canvas for the first time, they will connect their Canvas account with Young Citizens and authorize access to Young Citizens.
4. Teachers can use Speed Grader to grade the assignments, and the grades will be synced to Canvas Gradebook.

SETUP INFORMATION

Admin Setup (Institution-Level Integration): follow instructions here. To access this link you need an admin account in Young Citizens. If you do not have one, please reach out to help@socialstudies.com.
